WHO ARE WE?

Originova is where originality meets innovation.
Our name reflects our essence:

ORIGINNOVA

Origin – creating unique, tailor-made solutions.

Nova – shining bright like a supernova, symbolizing excellence and impact.

Inova – standing for innovation, pushing boundaries and shaping the future of technology.

With that being said, our Secret Formula is:

Originality + Innovation = A SuperNova

Know how to do that... and you'll have Originova.

We specialize in building next-generation digital solutions that combine the power of software development, artificial intelligence, immersive 3D technologies, and advanced security systems.

From smart software systems to immersive 3D experiences and intelligent AI-powered applications, we help businesses and organizations transform their ideas into reality with precision, creativity, and innovation.

OUR CORE SYMBOL

The “” in Originova has a deeper meaning than just an “O” letter, it means you come to us, we do our process, then elevate you into heights you’ve never witnessed.

ORIGINOVA

ALSO

Eyes + Pixels

From Vision to Digitization

It represents the relationship we would have with the client, this symbol resembles “[Turning Vision into Digital Reality](#)”, Combine two “” and you’ll have eyes, or should we say pixels?
combine more and you’ll get a chain.

Get 2 Originovas, and you’ll get the power to be the master of the digital world.
Which means... To Be Master Over The Infinite.

OUR VISION

At **Originova**, our vision is to remain at the forefront of technological advancement by leading in software, AI, 3D, and security innovation. We are committed to delivering customized, future-ready solutions that empower our clients to thrive in a rapidly evolving digital world. We believe in:

INNOVATION FIRST

continuously adopting cutting-edge technologies.

SECURITY BY DESIGN

ensuring every system we build is safe and reliable.

IMMERSIVE EXPERIENCES

bringing businesses closer to their audiences with 3D and AI-powered solutions.

LONG-TERM IMPACT

building partnerships based on trust, adaptability, and consistent value.

OUR MISSION

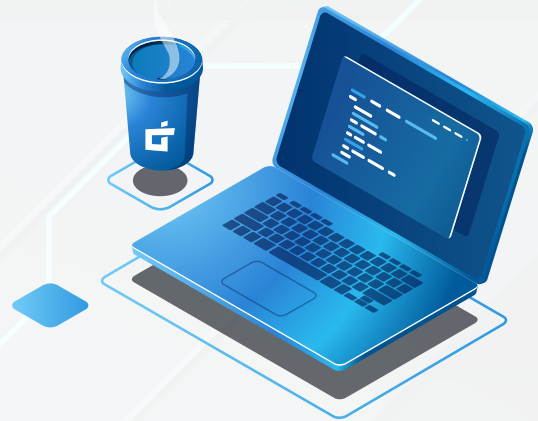

Our mission is simple: to make technology smarter, more immersive, and more secure, ensuring our clients' success today and tomorrow.

**OUR
SERVICES**

1. SOFTWARE DEVELOPMENT

We provide end-to-end software development for businesses of all sizes. Our solutions are custom-built, scalable, and secure.

OUR EXPERTISE INCLUDES:

- **Web Applications** | Static and Dynamic websites, Single Page Apps (SPA), Multiple Page Apps (MPA), CMS, E-commerce platforms, and PWA.
- **Mobile Applications** | Native and cross-platform apps for Android and iOS.
- **Desktop Applications** | Software for Windows, MacOS, and Linux.
- **API Development & Integration** | Secure APIs to connect multiple systems.
- **Cloud & DevOps Solutions** | Deployment, monitoring, and scaling using Docker, Kubernetes, and cloud platforms.

BENEFITS:

- Tailor-made solutions aligned with your business needs.
- Scalable systems that grow with your company.
- Continuous support and maintenance.

2. ARTIFICIAL INTELLIGENCE & DATA SOLUTIONS

We harness the power of AI to unlock the full potential of data and drive smart automation for businesses.

OUR EXPERTISE INCLUDES:

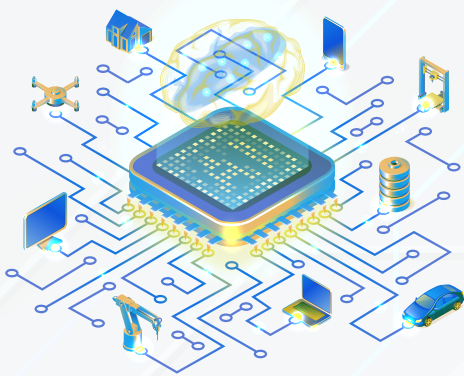

Machine Learning Models: Predictions, recommendation systems, fraud detection, and forecasting.

Natural Language Processing (NLP): Smart chatbots, sentiment analysis, and translation.

Computer Vision: Facial recognition, object detection, video analysis. **Generative AI:** AI-driven text, images, audio, and video creation.

Predictive Analytics & Big Data: Turning data into actionable insights.

AI-powered Automation: Streamlining workflows and reducing costs.

BENEFITS:

- Automate repetitive tasks and save time.
- Make smarter business decisions with predictive insights.
- Enhance customer experience with AI-powered tools.

3. 3D & IMMERSIVE TECHNOLOGIES

We design realistic and interactive 3D solutions that elevate customer experiences and business presentations.

OUR EXPERTISE INCLUDES:

3D Modeling & Animation For products, characters, and environments.

AR/VR Development Training simulators, real estate tours, immersive retail experiences.

Product Visualization & Prototyping Interactive 3D models for industries.

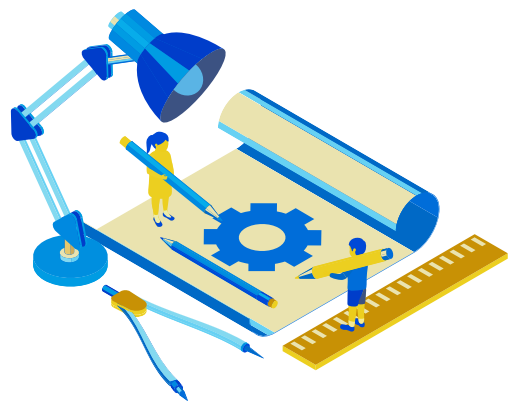

3D Motion Design & Simulations Visualizing complex processes dynamically.

Interactive 3D Experiences – Web and mobile-based 3D applications.

BENEFITS:

- Reduce costs with virtual prototyping.
- Engage audiences with immersive experiences.
- Showcase products and projects in the most realistic way possible.

4. NETWORK & SECURITY SOLUTIONS

We help businesses build, secure, and optimize their IT infrastructure.

OUR EXPERTISE INCLUDES:

Network Infrastructure Design, installation, and maintenance.

Data Processing & Optimization Ensuring secure and efficient data flow.

Video Surveillance Systems Smart monitoring solutions.

Access Control & Alarm Systems Advanced physical protection systems.

Cybersecurity & Data Protection Firewalls, intrusion detection, and encryption.

BENEFITS:

- Reliable and high-performance IT environments.
- Protection of sensitive information and assets.
- Peace of mind with end-to-end security.

The background is a gradient of blue, from a darker shade on the left to a lighter shade on the right. A prominent white vertical line runs down the center. On the right side, there are several thin, light blue lines that resemble circuit traces or data paths, some ending in small blue dots. The overall aesthetic is clean, modern, and tech-oriented.

**WHY CHOOSE
ORIGINOVA?**

INNOVATION-DRIVE

continuously adopting cutting-edge technologies. Always the new ones.

TAILOR-MADE SOLUTIONS

Every project is adapted to the client's unique needs.

FUTURE-READY

We integrate AI, 3D, and cutting-edge systems. For a long-term durability.

TRUST & SECURITY

Strong focus on secure, reliable solutions. For both process and product.

LOCAL PRESENCE, GLOBAL MINDSET

Based in Algeria, but thinking worldwide.

The background is a gradient of blue, transitioning from a darker shade on the left to a lighter shade on the right. A thick white vertical bar runs down the right side of the page. Overlaid on the blue background are several thin, white, stylized lines that resemble circuit traces or data paths, some ending in small blue dots. INDUSTRIES WE SERVE

MANUFACTURING & INDUSTRY

Manufacturing & Industry Automation, 3D prototyping, and analytics.

EDUCATION & TRAINING

E-learning apps, VR/AR training environments.

FINANCE & BANKING

Secure apps, AI-based fraud detection, and automation.

HEALTHCARE

Patient management systems, AI diagnostics, telemedicine.

ANY CREATIVE VISION

As long as it's digital... We can do it.

RETAIL & E-COMMERCE

Online platforms, AR shopping, and personalization.

REAL ESTATE & ARCHITECTURE

3D visualization, VR tours, and secure management systems.

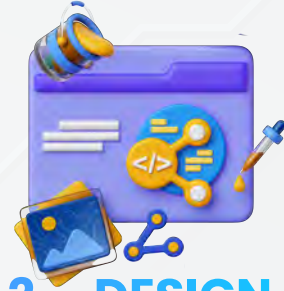

OUR PROCESS

1. CONSULTATION & ANALYSIS

Understanding your needs and defining

2. DESIGN & PROTOTYPING

Crafting the architecture, prototypes, or 3D models.

3. DEVELOPMENT & TESTING

Building secure, scalable, and reliable solutions.

4. DELIVERY & SUPPORT

Launching the solution with ongoing maintenance and optimization.
